RFQ - Newsletter Printing & Mailing – Addendum 1

Nov. 9 email questions

Could you confirm that the February 1–28, 2027 schedule controls, rather than the August 4–31, 2026 term on page 8? Also, does the County want an itemized fixed print/mail price including postage and freight, or the hourly-rate-and-reimbursables format described on page 9?

Answers

Contract dates for the spring newsletter will be Feb. 1–28, 2027.

Itemized fixed print/mail price including postage and freight is preferred.
